VIRTUAL GIFTING SUITE

Make it easy to **get everyone exactly what they want** with a virtual gifting suite. Our personal gift concierge works with you to create a branded webpage tailored with unique gift options (wine, gourmet, and beyond) for your recipients to choose from.

Say goodbye to logistics and uncertainty, and ensure everyone loves their gift.

HOW IT WORKS:

1. **Pick your gift selection** and provide your logo and message.
2. **Send out your virtual gifting suite link** to your (lucky) recipients so they can pick their gift and provide their preferred delivery address.
3. **We take care of the rest.** You can always check the status of your orders and deliveries in your gifting portal.
